

Modern Slavery and Human Trafficking

As a SME trading below the £36M threshold we are not required to make a formal Modern Slavery statement. We do however recognise that many of our clients may want to seek assurances from us regarding our compliance with the requirements of the Modern Slavery Act

SSA Architects Ltd is a RIBA Chartered Architectural practice accredited with ISO:9001. We provide architectural services across the UK in a variety of sectors including residential, healthcare, retail, leisure and sport. We are fully supportive of any legislation which aims to reduce the occurrence of modern slavery in our society.

As an architectural services organisation, we do not have a supply chain in relation to the manufacturing of goods and therefore our supply chain is limited. S+SA Architects is committed to improving practices to combat slavery and human trafficking and we have the following policies in place:

Health & Safety

Equality & Diversity

Environmental

SSA has a zero tolerance to slavery and human trafficking and we are committed to ensuring that modern slavery does not exist in any part of our business or supply chains.
